School Description

Gilbert Elementary School is one of nearly 70 schools in the Garden Grove Unified School District and serves students in grades TK-6 from the city of Garden Grove, plus has a Moderate-Severe Program for grades TK-2. Strong leadership is essential in a quality school and is provided at Gilbert Elementary School by George Martinez, the principal, a professional educator for 25 years. He was appointed principal of Gilbert Elementary School in 2022.

Parental Involvement

There are many opportunities in the district for parental involvement through participation in parent support organizations, booster clubs, school site councils and district-level advisory committees.

Parents at the school participate in activities such as Back to School Night, Open House, Parents In Action, Red Ribbon Week, student concert performances, school pictures, family events like Movie Night and as campus or classroom volunteers. Because our Parent Teacher Association (PTA) is an active group, it is always seeking to increase its membership in order to support students, teachers and the community. Parent Education classes are also offered on site and through the district.

Parents are able to attend English Language Advisory Council (ELAC), District English Learners Advisory Committee (DELAC) and School Site Council (SSC) meetings where a Spanish or Vietnamese interpreter is available.

For more information on how to become involved at the school, please contact Madison Burga, PTA president, at (714) 727-7435.

School Safety

Maintaining a safe and orderly environment is essential to learning. All schools in the district are closed campuses, and visitors must immediately register in the school office before entering the campus. School access is monitored by administrators, teachers and other school staff.

All schools operate employee safety committees and maintain comprehensive school safety plans that are reviewed and updated annually at the beginning of the school year. Schools had until November 2025 to review and update their plans. The safety plans include elements such as emergency plans and procedures, Department of Homeland Security alert precautions, school rules and school dress codes.

School safety committees, consisting of certificated and classified staff, meet to address safety issues for students and employees. Earthquake safety procedures are distributed to all students and parents at the beginning of the school year. Fire drills are conducted monthly at each elementary school, no fewer than four times per year at each intermediate school and at least twice a year at each high school. Drop drills are held quarterly at each elementary school and at least once each semester at intermediate and high schools. All schools conduct one lockdown exercise each year.

The district has adopted the Standard Response Protocol from the "I Love U Guys" Foundation to streamline terminology and protocols used in emergency situations. Standard Response Protocol includes four clearly-defined actions to take in an emergency situation including Secure, Lockdown, Evacuate and Shelter—each with specific actions for students and adults to take.

In the spring of the 2024–25 school year, the district distributed emergency school lockdown kits, ensuring that every classroom is equipped to manage situations that may require students and staff to remain safely confined for extended periods.

The district has expanded the placement of Automated External Defibrillators (AEDs) to all remaining elementary school sites and other district facilities that previously did not have a unit. This initiative enhances our preparedness for emergency situations, ensuring that staff and students have timely access to life-saving equipment in the event of a cardiac emergency. The addition of the AEDs reflects the district's ongoing commitment to safety and proactive emergency response planning.

As part of the district's ongoing commitment to safety, a districtwide rollout of SB 553—Workplace Violence Prevention Plan training—was conducted. This training, approximately six minutes in duration, is designed to educate all staff on strategies to prevent workplace violence and to ensure awareness of proper reporting procedures. The training was integrated into our annual notification and trainings requirements, reinforcing the district's proactive approach to maintaining a safe and secure working environment for all employees.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

To ensure student success, we will provide a rigorous and supportive academic experience that motivates all learners to meet high expectations.

District Vision Statement

We are committed to preparing all students to be successful and responsible citizens who contribute and thrive in a diverse society.

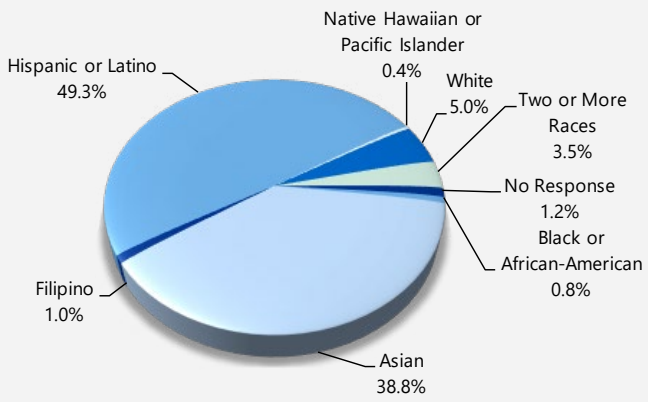
Enrollment by Student Group

The total enrollment at the school was 515 students for the 2024-25 school year. The pie chart displays the percentage of students enrolled in each group.

Demographics (2024-25 School Year)



Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

GGUSD's professional-development program centers on research-based effective instruction with embedded strategies to scaffold and differentiate for diverse learners. Teachers are supported in their implementation of effective instruction through extensive training and targeted in-class support. The use of student-achievement data also assists in providing clear goals and expectations for planning in-services for teachers and paraprofessionals.

Intensive workshops are conducted in late August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming school year, with an emphasis on the strategies to support language learning in mathematics, English language arts and content areas. Staff-development opportunities are also offered after school and by release time throughout the school year to provide in-class demonstrations as well as opportunities to understand the standards and across content areas. Additionally, one non-student day is set aside each year for staff development for all high school teachers in the district. Teachers collaborate in grade level and course-alike teams throughout the school year to plan lessons, analyze student achievement data and student work to ensure a high quality and rigorous academic program with high student expectations.

New teachers are provided an extensive new teacher training program. Classroom management, the district's base program, report cards, parent-teacher conferences and research-based strategy instruction are just a few of the subjects of training for new teachers.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

School Programs

The district receives additional funds for a number of special services and programs. Among the special programs offered at the school are the following:

- Extended Day and Year Programs:
  - After School Intervention Classes
  - After School English Language Development Classes
  - Summer Institutes
- Special Education
- Title I
- Boys and Girls Clubs of Garden Grove After School Education and Safety Program (ASES)

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

Science test results include the CAST and the CAA for Science. ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

District K-12 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts and science have been adopted from those approved by the State Board of Education. The Garden Grove Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading) and world language are aligned with state-adopted content standards and state or national frameworks following the state adoption schedule.

All GGUSD students, including all English learners, have textbooks and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks and instructional materials are provided in sufficient quantities for each student for use in class and to take home.

Public Internet Access

Individuals without home Internet access can use computers with Internet connections at public libraries within the Garden Grove Unified School District to download and view School Accountability Report Cards. Access to the Internet at libraries is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. Additional information about the condition of the school's facilities may be obtained by speaking with the principal.

School Facilities

Garden Grove Unified School District (GGUSD) continues to pride itself on maintaining quality facilities to provide a safe learning and working environment for its students and staff. School custodial and district maintenance staff conduct frequent inspections to ensure that all sites are clean, safe, well maintained and in good repair. Mobile cleaning teams have been used to provide in-depth cleaning-assistance services. The Maintenance Department is in the process of implementing preventative maintenance programs that ensure all schools are maintained at an efficient operating level. All classrooms, playground areas and working space for students and staff satisfy building capacity requirements of the Education Code.

The Board of Education has adopted a five-year maintenance program for the improvement of school sites, and major site-improvement projects are approved annually as needed. Graffiti-removal personnel help to keep schools free from graffiti.

The Garden Grove Unified School District has always emphasized the importance of a clean, safe environment for learning and working. The environment of each campus is a matter of pride for students, staff and parents. To ensure our facilities are in good repair condition, custodians at each site perform monthly inspections, and the district maintenance crews attempt to complete their work orders in a timely manner. Several schools have planted individual gardens, allowed sponsored projects by both the PTA and the Eagle Scout program with the Boys Scouts of America, to enhance our campuses throughout the district.

Gilbert Elementary School was built in 1961. The school has 20 permanent classrooms and nine portable classrooms in use on the campus. The school also has a computer lab, library, multipurpose room and staff lounge. Additionally, Gilbert Elementary School has a student-ready technology room with computers.

In June 2010, GGUSD voters approved Measure A, authorizing $250 million in general obligation bonds and enabling the district to qualify for as much as $200 million in matching state school bond funds for large-scale infrastructure repair, improvement and modernization projects. As an added funding bonus, $47 million in supplemental school-improvement grants were secured, increasing the total projected Measure A budget to $503 million over the seven to eight years required for the completion of all bond-financed projects. Additionally, Measure P, authorizing $311 million was approved by voters in 2016 that enabled our district to implement many improvements including seismic upgrades, new athletic stadiums and added air conditioning and energy conservation improvements to all of the remaining Elementary Schools.

Bond proceeds, combined with state matching funds, are financing such wide-ranging school improvements as renovating electrical circuitry, plumbing, lighting, roofing, intercom and fire-safety systems; improving energy efficiency; replacing doors, windows, and outdated heating and ventilation systems; updating playground equipment and safety matting; upgrading telecommunications systems to accommodate current technology; replacing restroom plumbing, tile, and fixtures; retrofitting schools for better accessibility for the disabled; burying new underground conduits for technology growth; installing new classroom carpeting; repainting school interiors and exteriors; and new underground natural-gas piping.

All GGUSD sites are currently being outfitted with Solar Panels. Project completion is forecast as late spring 2026. We appreciate your patience as we work to ensure that all of our schools remain successful and comfortable places to learn and work.

Teacher Preparation and Placement

These tables display the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district and state levels. Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the number of authorization/assignments of teachers with permits and waivers; misassignments; and vacant positions. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at https://www.ctc.ca.gov/.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at http://dq.cde.ca.gov/dataquest. DataQuest is an online resource that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of December 2025.
